

I must go down to the seas again, to the lonely sea and the sky, And all I ask is a tall ship and a star to steer her by;

And the wheel's kick and the wind's song and the white sail's shaking, And a gray mist on the sea's face, and a gray dawn breaking.

x-country

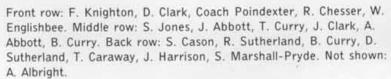

The Cross Country team was coached by Al Poindexter, and did very well individually as well as team-wise this year. The boys took 2nd place at the Borough meet in Kenai, and the girls brought home the first place trophy. At the Regional meet in Palmer, both teams placed 3rd overall. Janie Abbott, Julie Clark and Ann Abbott qualified to run in the State meet in Fairbanks.

annual staff

Advisor Rate

The annual staff worked diligently all year to produce the finest book in the history of HHS. They sacrificed their social lives and leisure activities in order to cut and paste into the small hours of the morning.

The annual staff was very fortunate to have for their advisor Kate Rate, who brought with her many, many years of yearbook experience.

Each member of this dedicated, hard-working class contributed his or her profuse talents and skills, which resulted in this extraordinary final product.

The A.V. Club consists of six members and their advisor, Mr. Bracht, and their big project this year is a trip to Hawaii. The group is trained in working with p.a. systems, 16mm projectors, video equipment and lighting.

ahoy! staff

Due to scheduling problems and lack of student interest, the Ahoy! was nearly discontinued this year. But with the drive of a hard working sponsor, Ms. Ouattara, and the desire of the editor, Ken Slavin, to have a regular newspaper, the Ahoy! was again published. Starting with absolutely no staff, the paper grew to a full scale, successful school publication. First came senior Wendy Walker with great artistic ability to serve as the paper's artist. Next came Jack Helgens, who soon took over the Advertising Department. Then the reporters grew in number to three: Deanna Toci, Diana Hill, and Tracy Curry. Deanna Gillham filled the position of sports editor, and Valerie Halpin, typist.

student council

The student Council met every other week this year in order to pass petitions for activities and discuss problems around the school. They sponsored a game between KFQD All-Stars and the Homer Women's Team. The proceeds of the game went to buy athletic awards. Student Council president this year was Ken Slavin, vice-president-Bonnie Albertson, Secretary-Cindy Pooler, Treasurer-Shauna Munro. Their advisor was Mr. Ronda.

Electricity performs many tasks to provide cleanliness and comfort. Electric heating, air conditioning, humidifiers and de-humidifiers enable you to live in a cleaner more comfortable indoor environment. A variety of air cleaning devices, such as filters in heating and air cleaning systems and electronic air cleaners, remove smoke, dirt, pollen and other impurities from the air you breathe.

buildsabetter

In the future, electric automobiles and electrified rapid transit systems can remove much of the pollution now created by internal combustion engines. Electric energy will be increasingly used to dispose of waste, re-cycle waste, remove salt from sea water and treat sewage. All of these present and future electrical devices will increase your need for electric power.

environment!

Even if all future power comes from fuel combustion plants, the byproducts of this combustion can be removed more efficiently at modern, central stations than at the hundreds of individual locations where energy is needed. Improved air scrubbers, precipitators and other antipollution devices promise even greater future air cleanliness.

Clean electricity will increasingly be an aid to a better environment.
