Farulty

Mr. Fred Pomeroy Superintendent

Congratulations to the Homer High School Mariner's for an outstanding school year. The contribution of the student body in the passage of the October bond issue was truly signifigant. Your run from Homer to Kenai was indicative of your diligence in this effort. As a result of your work, future Mariner's will have access to education in an excellent facility.

Thanks to the student body, faculty, and support staff for making 1982-83 a "very good year". We are proud of you.

Fred Pomeroy

The trend of changing and improving Homer schools was shown by the borough citizen's overwhelming passage of a construction bond for a brand new high school!

Therefore, as we grow our goal at Homer is to keep our school warm and friendly, by maintaining a very positive atmosphere.

Our student council is assuming a much stronger leadership role. They are working to improve and/or reorganize some of the existing programs at Homer High. Student involvement in the growth and development of our school is important and necessary. With this kind of positive attitude our school can truly say "Homer is #1"!

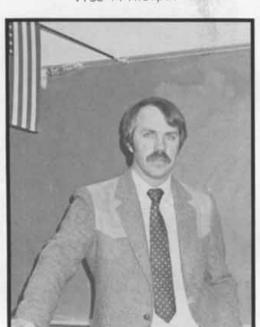

Lee Winn Principal

Darrel A White Vice Principal

Larry Nauda Principal

Driving into Homer for the first time a number of years ago my first impression was that it was the most beautiful place I had ever seen. As a new resident, liveling here has only served to confirm that impression.

Similary, my initial impression of Homer High, its staff and students were highly favorable and those impressions too have only been enhanced by my experiences this year.

Homer is a special place, its students are spirited, hard working, and friendly; and the staff at Homer High is talented, cooperative and dedicated. These attributes have helped to weld it into an outstanding educational institution.

I think we can all take pride in the accomplishments of 1982-83 and expect the future to be as bright as Homer itself is beautiful.

Dam (a. White

The 1982-83 school year has gone extremely well from my standpoint. For many the high-light of the year was passing the bond issue for the new high school. While this was important, perhaps even more important is the concentrated effort of faculty and staff to maintain excellent pride and school spirit under very crowed conditions.

Keep up the good work and thank you for the excellent work.

This year's Annual-Journalism class was smaller than last year's, but made up for its size with plenty of hard work and devotion, to get the Ahoy Newspaper and the high school yearbook out on time. In fact the whole staff was hard at work the whole year through, just for your enjoyment. Yep, they were really something in that class, too bad their poor little minds exploded from overwork and exhaustion. HEEHEEHARHOHOHAHAR!

The AFS (American Field Service) club is organized to support the foreign students coming into our school and the Homer students leaving to study abroad. The club's activities center on making the foreign students feel welcome, fund-raising for the Winter Carnival float and for travel to AFS conferences, and learning about other countries and their customs.

JUN

BUENEUXEA

"Before I leave Homer I want to say something:

My AFS year in Homer is going to be over very soon and I have had a lot of good experiences. I met a lot of people and I learned so much about how you live in Homer, Alaska. I hope somebody has learned something about me and my country too:

I want to thank my host family and all the staff and students in the high school. Good luck next year to my senior class "83".

Thank you

SOPHOMORES

Sophomore Prince and Princess-Andy Stubblefield and Lisa Beachy

FROST

Freshmen Prince and Princess-Ian Pitzman and Samantha Gibson

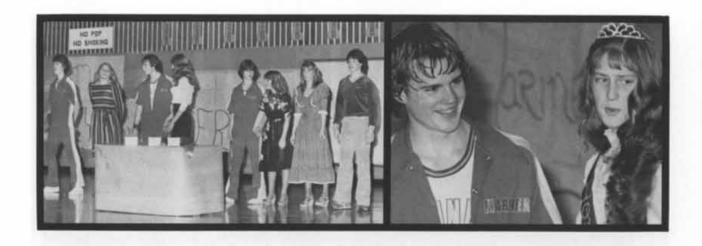

The activites that go along with Homecoming week are what help to promote enthusiam and plain old fun. This year's Homecoming pep assembly was made more interesting by the class competitions.

All four classes competed in the licorice eating contest and the toilet paper game, both of which were won by the seniors. Here are a few glimpses of what went on.

Look Jim, we don't need a stereo...

A car parade, princes and princesses, dress-up days, and lots of spirit added to the excitement of Homer High's 2nd annual Homecoming. And of course there were the basketball games and the crowning of the King and Queen. Homecoming is slowly but surely becoming a tradition here at Homer High. We hope that the already proud school spirit will continue to grow with each passing year.

This year's Royalty were: King and Queen C.O. Green and Dina Deitz, juniors. Todd Bracht and Roxanne Rohweder were the senior class prince and princess. Andy Stubblefield and Lisa Beachy for the sophomores, and Ian Pitzman and Samantha Gibson for the freshmen class.

GOODBYE, IT'S TIME TO GO

As that final day comes upon us, we all share our joy and tears,

That day we've all worked toward for 12 long years.

We must realize only one more step and we're on our own,

No old friends to be with us, we're virtually alone.

It's time to go, though were scared, we must advance,

Just like that date, our first big dance.

Although we have many friends, some new, some old,

We must start again, or so I'm told.

We'll take with us more than an education and friends,

We'll take all the memories to cherish until the end.

Danielle Leitzell Class of 1983

Classes '84'

Adolescence is...

Adolescence is...between the linesmountaintops and valley times.

Adolescence is...taking pictures and getting lectures, losing lures and making conjectures.

Adolescence is...memories and saying please, ecstasy and knobby knees.

Adolescence is...deadlines and happy times, acing the test, while doing your best.

Yes, Adolescence is...you know, somewhere where all of us sometime, must go.

Micheal Diddock

Classes '85'

ADOLESCENCE

Going home early,

Keeping feelings inside.

Depending on someone

Having no place to hide.

Being too old for "that" and too young

for "this",

That's what adolescence is.

Listening to music

And just acting cool.

Reading a good book

Seeing people at school.

Having dreams of being a star

In show biz.

That's what adolescence is.

Kinda taking it easy

Or falling in love.

Remembering yesterday

And rising above.

Looking forward to what tomorrow

may give,

That's what adolescence is.

Adolescence is...

Long hours of homework

And endless school years

Fights with friends and family

Crazy times and sad times.

Adolescence is...

A puzzle with lost pieces
Loud rock music

A road full of hardships
Puppy love.

Adolescence is...
Growing pains
A maze of emotions

A basket full of unkept promises
An endless sea of problems.

Amanda Mayo

BLUE Our friendships are deep like a never ending well, we look into them and are lost. They are like the rolls of eternal waves we see splashing against the blue-grey rocky shores, always there. Someday we'll see each other again like the sky and the ocean, we'll meet 100 miles out and descend in time farther than the gods of imagination. Danielle Leitzell --

MEMORIAT

Michael was known to many as "Mikie". He was noted for his smile and quick, shy wave and for his kindness and generosity. His favorite color was blue. You could often find him in a blue t-shirt and jeans. His favorite foods were fried chicken, potatoes, chocolate cake and apple juice. His favorite song was "I Love You More Than I Can Say" and he liked the "Freeze-Frame" Album. Michael could always be found playing mechanic and snow machining and ice racing in the winter.

MICHAEL SHANE DEVANEY

FRIENDSHIP

A special person that means alot in special ways always there for me to see, to share the good times and the bad times.

REBECCA ANNE HANSON

Becky's favorite color was red. Her favorite food was pizza. Her favorite songs were "I Love Rock-n-Roll" and "Centerfold". Becky was noted for drawing and painting things like horses and Garfield. She also wrote poems such as the one above:

The staff of the 1982-83 yearbook class would like to dedicate this year's annual to a long time teacher of Homer Jr. High, Mr. David Schroer.

Mr. Schroer began his teaching career here in 1953 and didn't retire until May of 1982, after 32 years of teaching.

In his early years, Mr. Schroer taught only sixth and seventh grades in all subjects. Later he moved up to the seventh and eighth grades and taught social studies.

Over the years Mr. Schroer was also involved in the high school track program as a coach and trainer as well as pushing for the completion of the all-weather track.

Thank you Mr. Schroer for all your help and dedication to the students over the years.
